Suggested Teaching Method

This worksheet can be adapted for various uses by the teacher.

Ideas:

- Students can write sentences using 'can' either as homework, or as a quiz during a lesson.
- Test your students on vocabulary learned in the 'Ability' flashcards.
- Put the students into pairs. They can interview each other, finding out about their partner's skills.
- Teach the passive + 'how to' using: 'I was taught how to [juggle] by [my bother].'
- Practice the present perfect + 'able to' + for / since. (e.g. 'I've been able to juggle since I was about eight.')
